

In 2010, the Lake County Safety Council (LCSC) will be celebrating its 25th year of providing safety training, education and awareness to more than 250 Northeast Ohio employers and the community. In the last three years alone, LCSC members have earned more than \$1.5 million in Workers' Compensation rebates.

On behalf of our Steering Committee, thank you for your feedback and participation in the fiscal year 2010 safety campaign. It is because of your participation and valued input that we have been able to bring about so many successful organizational changes such as; an international speaker on safety, a continually improving website, an improved on-line payment and registration system, technical training opportunities and quality monthly programming that better exemplifies our organization mission.

We encourage you to continue supporting our organization and enjoying the many benefits of the LCSC. To maintain your status as an active member you must submit your fiscal year 2011 membership dues no later than **July 31, 2010**. For your convenience, you may pay online at www.councilnews.org or you may make a check payable to the LCSC and mail it to the address above.

Thank you again for your support
